- Your Digital Signage SoC displays can co-exist with other hardware including **Stix 3700, Windows PCs and Android devices.**

The screenshot displays the NAVORI LABS software interface, which is divided into four main sections:

- Player:** Contains a sidebar with a home icon and a list of displays under the 'EME' region. The 'EME' region includes a 'Lausanne' sub-region with several displays (CH-IC ELO I-Series 2.0, CH-IC LG WebOS 4.1, CH-IC Philips P-Line, CH-IC Samsung SSSP6, CH-IC Stix3500 Left, CH-IC Stix3500 Right, CH-IC Stix3500-MR) and two other displays: '#2 OOH Advertising' and '#3 Multi-display'.
- Content:** Features a 'MEDIA & TEMPLATES' section with 'Applications' (Alert, Automotive, Corporate, Fashion) and a 'SMART FOLDER' section (Tagged, Untagged, To be approved, Expired, Edited last month). The 'FASHION' section shows a 'Digital menu board' (15s | Template #1, #2, #3) and a 'Makup' (20s | Video).
- Playlist:** Displays a 'Publish Anywhere' section (0s | 1 item) and a 'CONTENT' section with a 'TICKER' and a list of items: 'Jaguar - F type' (3s | Image), 'Menu' (10s | Template), 'Corporate' (33s | Template), 'Best Fruit Forward' (7s | Template), 'Gym and Fitness' (5s | Template), and 'Hotel Lobby' (5s | Template).
- Scheduling grid:** Shows a calendar view for the 'Current Week' (April 14-16, 2020) with a timeline for each day. The timeline for Tuesday, April 14, shows a 'Jaguar - F type' advertisement running from 7:00 to 13:00. The timeline for Wednesday, April 15, shows a 'Menu' advertisement running from 7:00 to 13:00. The timeline for Thursday, April 16, shows a 'Corporate' advertisement running from 7:00 to 13:00.
